Kwanele Gamedze

Full Stack Web developer

Summary

I am a passionate full stack developer who loves his craft. I enjoy problem solving, mostly with code. I don't just write code but I solve problems. I make sure that every line of code I write is clear, testable, scalable and maintainable. I learn everyday, I will always be better than yesterday.

Date of birth: 05 May 1997

Skills

- JavaScript
- React & Next js
- Node (Express js)
- PHP
- Laravel
- SQL
- HTML & CSS

Experience

Full Stack Web Developer April 2023 – August 2024
Aurora Digital Agency, South Africa

I am part of a creative team that builds elegant websites for different companies. Both local and abroad. My main tasks include back-end development with Laravel, PHP and SQL. And Front-End with JavaScript, HTML/CSS and React js.

Web Developer Intern May 2021 - August 2021
Abangani Media, South Africa

My role was to build websites and templets for clients. I was using PHP, HTMLS/CSS and Wordpress. I would also use a little JavaScript where required.

Education

Bsc Computer Science September 2023 - Present
University of the People
I am currently studying Computer Science ***part-time***.

Web developer April 2020 - Present
Self taught

BSc Medical Laboratory Science August 2017 - July 2019
Southern Africa Nazarene University (Swaziland)
Drop-out after the second year due to financial challenges.
